

CIT Application

Instructions: We receive considerable interest in our CIT program. This program is not an extension of our camper program, and while preference is given to those who have attended summer camp, this does not guarantee placement. The CIT program fosters personal responsibility, team spirit, and stewardship toward our living spaces and natural resources. Please take time to review this form before filling it out. Please be as neat as possible. (Consider making a rough draft before submitting your final application.) Returning CITs must submit a new application but not new references. **Applications are due by December 31 and will be reviewed only after receipt of a completed application and two personal references.**
